*Just as in ancient times a ribbon was tied to a Tree of Wishes (A Wish Tree),
this scarf will become a wish-fulfillment aid*

Natural silk scarves (handkerchiefs) collection is created by the original design of a famous Ukrainian artist and designer Kristina Gaidamaka.

Author's prints on natural silk - that is how traditional Ukrainian symbols are transformed into modern design:

- Gentle and cool touch of this bright silk scarf-amulet is like spring flowers petals touch!
- Lines and images vibrate and radiate the eternal energy given by earth, water, sky, sun...
- Selected warm color palette is our earth paints which are familiar and dear from childhood!
- A new Ukrainian ethno-romantic style in **Urban Ethno trend** matches with any modern clothing.
